

# CONGRESS, LISTEN UP: RECLAIM YOUR POWER

## To Our Senators and Representatives:

Congress holds the highest authority in our government and the responsibility to act swiftly against a reckless administration and a volatile president. Right now we have a dangerously unstable leader who threatens genocide and war crimes that put our national security at grave risk. The entire world is watching to see what action we—and Congress—will take to prevent catastrophe.

**Donald Trump is unfit to serve as President of the United States.  
We, the People, demand his immediate resignation  
or his impeachment and removal from office.**

Anyone ready to follow or give illegal orders, ignore the rule of law, and commit crimes against humanity at home and abroad is unfit for any government role.

*Congress must unite across party lines to lead this nation in the people's interest, not kowtow to a rogue, destructive administration led by a madman. Immediate bipartisan action is essential to restore integrity and stability.*
