Our Great Nation Has Enough for Everyone

In this great country of ours, we have enough for everyone who lives here to enjoy a good life, to live in comfort and safety, and to live happily and with dignity.

We have enough to:

- **Build an economy** that allows everyone to prosper with jobs that pay a living wage.
- **Provide quality universal healthcare**, covering everything, with money left over.
- **Feed the hungry**.
- **Fund research** into lifesaving drugs, medical advances, and groundbreaking scientific innovations.
- **Provide free child care** for those who need it.
- **Provide quality public education**, including college.
- **Support and encourage small farmers** and ranchers, breaking up agricultural monopolies and land grabs.
- **Build affordable housing** for renters, first-time buyers, and people experiencing homelessness.
- **Support the artists, musicians, writers**, and others who enrich our lives.
- **Allow people to retire** and live out their lives comfortably and with dignity.

Our Great Nation Has Enough for Everyone

(Continued from the other side)

We live in a land of plenty, rich in opportunity and resources, enough so everyone can have their fair share and believe in a better future. Together, we can ensure everyone benefits by working toward fairness and shared prosperity.

Fair Taxation:

- **Rewrite tax law** so every person and corporation pays their fair share with no loopholes or write-offs.
- **Raise the income cap** for Social Security contributions.

Business Regulation:

- **Enforce regulations** that protect workers.
- **Enforce laws that protect the environment**. No exceptions for polluters.
- **Return fairness** to our economy. No more monopolies.
- **No more manipulation of housing** availability; no more corporations buying up homes.

We enough for everyone in this country to share in its riches. Your participation makes that future possible. Your vote is a powerful tool to bring about meaningful change, turn hope into action, and create the future we believe in by choosing leaders who will work with us to make it a reality.
